DETAILED ACTION

Claim Rejections - 35 USC § 101

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1, 4-12, 14, 16-21, 23-27, 29-54 and 56-59 are rejected under 35 U.S.C. 101

because the claimed invention is directed to non-statutory subject matter. The language of claims 1, 4-12, 14, 16-21, 23-27, 29-54 and 56-59 raises a question whether the claims are directed merely to an abstract idea that is not tied to technological art, environment or machine which would result in a practical application producing a concrete, useful and tangible result to form the basis of statutory subject matter under 35 U.S.C. 101.

2. Claims 2, 3, 13, 15, 22, 28 and 55 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
